# California Integrated Waste Management Board

## **Board Meeting**

## March 25, 1998

#### **AGENDA ITEM 8**

#### ITEM:

CONSIDERATION OF OPTIONS TO ALLOCATE \$25,000 OF UNOBLIGATED IWMA EXPENDITURE AUTHORITY

#### I. SUMMARY

The California Integrated Waste Management Board (Board) periodically receives various requests to sponsor/cosponsor conferences, expos, campaigns, workshops, events, and similar activities. These requests are for funding contributions (typically in the range of \$5,000 to \$25,000) or in-kind services (such as postage for targeted mailings, distribution of trade show brochures, and Cal/MAX catalog promotion of an event).

At its November 19, 1997, meeting, the Board allocated \$40,000 from the Integrated Waste Management Account (IWMA) for sponsorship and partnership in its 1997-98 Contract Concepts. The Board, at its December 17, 1997, meeting, allocated \$10,000 to the Bay Area Shop Smart Campaign, thereby reducing this amount to \$30,000.

At its January 28, 1998, meeting, the Board approved sponsorship/partnership criteria to facilitate allocation of the remaining \$30,000 IWMA funds. The criteria also may be used in determining Board support for sponsorship requests in future years should additional funds be identified for this purpose. The proposed criteria are based on Board priorities and other relevant criteria, and provide an effective and equitable review process for evaluating sponsorship requests.

At its February 11, 1998, meeting, the Board awarded the \$30,000 as follows:

America Recycles Day	\$10,000
Local Government Commission/Pollution Prevention Week	\$5,000
KCBS Radio "Trash Talk" segment	\$5,000
Industrial Ecology III Conference	\$5,000
Green Clips Internet list serv service	\$3,000
American Society of Mechanical Engineers conference web site	\$2,000

At that meeting, another \$25,000 was identified as potential sponsorship funds, and the Board directed staff to return to the Administration Committee in March with possible uses for the money.

#### II. PREVIOUS BOARD OR COMMITTEE ACTION

The Administration Committee met on March 3, 1998, and recommended using \$7,000 to augment funding for a student assistant in the Waste Prevention and Market Development Division, and allocating the remaining \$18,000 for sponsorships. The Committee directed staff to prepare an agenda item for the March 25, 1998, Board meeting to consider allocating these funds. In addition, Green Clips has billed the Board \$2,925, making an additional \$75 available for distribution

#### III. OPTIONS FOR THE BOARD

The Board may decide to:

- 1. Approve the proposed recommendations for funding and decide how remaining funds should be allocated.
- 2. Modify the proposed recommendations and determine how all \$25,075 should be allocated.
- 3. Provide staff with guidance and direct staff to modify the proposed recommendations.
- 4. Take no action.

#### IV. STAFF RECOMMENDATION

Staff recommends Option 1: augment the student assistant account by \$7,000, increase the KCBS Radio sponsorship by \$2,500, and decide how to allocate the remaining \$15,575.

#### V. ANALYSIS

#### **Background:**

The Board periodically receives various requests to sponsor/cosponsor conferences, expos, campaigns, workshops, events, and similar activities. These requests are for funding contributions (typically in the range of \$5,000 to \$25,000) or in-kind services (such as postage for targeted mailings, distribution of trade show brochures, and Cal/MAX catalog promotion of an event). Before this year, requests have been funded primarily on a case-by-case basis as contracts. Listed below are pending sponsorship requests.

## **Recommendations for funding:**

At the Administration Committee's direction, staff did not evaluate the remaining requests. Because the original staff proposal was to allocate \$7,500 to KCBS, staff is requesting the \$2,500 augmentation to ensure the Board receives the full benefits of sponsorship.

## **Fiscal Impacts:**

\$25,075 in IWMA funds remain available for sponsorship requests this fiscal year. The Board also has indicated support for providing funds in future years.

## VI. FUNDING INFORMATION

Amount Proposed to Fund Item: \$25,000 in IWMA funds is available.

## Fund Source:

	Used Oil Recycling Fund
	Tire Recycling Management Fund
	Recycling Market Development Revolving Loan Account
x	Integrated Waste Management Account
